

Intensive Care

St. Mary's Health Center of Jefferson City is a full-service, acute-care hospital that offers a full range of inpatient, outpatient and emergency services for mid-Missourians. The Intensive Care Unit was established to provide comprehensive care for all patients requiring intensive care support and critical care consultation. The department provides medical, cardiac, and surgical intensive care unit services for adults.

Quick Stats 2011

Beds	Avg. Daily Census
13	8.32
